SARTORIUS

Entris® II Advanced Line

The new Entris® II balance is always the right choice

Our Entris® II Advanced Line gives additional value to the Entris® II portfolio with over 38 models offering benefits such as real-time level support, integrated protection systems, Cal Audit Trail, a graphic touch display and 13 built-in application programs.

Features & Benefits

- Simplifies balance leveling with built-in real-time level support
- Increases reliability of weighing results using integrated protection systems
- Controlled access to balance settings with user management
- Gapless documentation thanks to CalAuditTrail
