Save up to 25% on select balances, pipettes, and tips

Entris® II Laboratory Balances

No matter what you're weighing, the new Entris® II balance is always the right choice. Offering unrivalled value and backed by almost more than 150 years of German engineering expertise, the Entris® II comes in two product lines, so you can find the balance that meets your specific weighing needs.

Tacta® Mechanical Pipette

Tacta® makes pipetting effortless and safe, while producing accurate and reliable results time after time. It is designed to feel great in your hand, and it is easy and comfortable to use. All materials used for Tacta® have been carefully selected, and each component is designed to meet the highest standards.

Proline® Plus Mechanical Pipette

Proline® Plus mechanical pipettes offer comfort and quality for your everyday manual pipetting. It combines durable construction with ease and lightness of use. Easy volume adjustment with click stop system and big, forward facing, volume display help the user always to choose correct volume.
