## Why Choose a Stacked/Combo Unit for Your Facility?

- **Two separate compressors means:**
  - Tighter temperature control
  - If one fails, the other keeps working
  - Less strain on your equipment
- **Space saving design** allows for more floor space in your facility
- Stacked option gives the user **flexibility to unstack units** and move to a different location
- **Increased efficiency** with multiple storage temperatures in one space

### Additional features:

- Available in sizes ranging from 7 to 20.9 cu. ft.
- Freezers temperature options from -20°C, -30°C & -40°C
- Auto & Manual Defrost Freezer Options
- ENERGY Star Certified\*
- Microprocessor temperature controller
- Digital temperature display
- Audible/visual high & low temperature alarms
- LED Interior Lights
- Keyed door locks
- Probe access port (3/8")
- HFC-free natural refrigerants (R600a)
